Plattsburgh, NY - 12903 USA

The Smardt Technical Training (AMER) course is a three-day program designed to equip technicians with the skills and tools necessary to and maintain Smardt products. The certification received upon completion of this course authorizes the participants to carry out regular maintenance and basic troubleshooting of Smardt equipment but does not certify them as a third-party trainer on Smardt, Kiltech, or Danfoss equipment nor does it grant permission to start Smardt chillers unassisted.

Certification will remain valid for a period of 18 months, after which, Smardt reserves the right to require additional advanced or refresher training to maintain certification.

Smardt reserves the right to enroll applicants from multiples organizations in any course administered by Smardt and the right to reject applicants or refuse certification, at its sole discretion, if the contractor or technician pre-requisites listed below are not met. Smardt reserves the right to cancel the scheduled class if minimum class numbers are not filled. Please confirm with Smardt prior to making any travel arrangements to ensure the class is still scheduled.

Cost

- \$2,990 USD per trainee
**Costs associated with travel, accommodations and transportation are the sole responsibility of the participants.

Location

22 Colorado Street
Building 2815
Plattsburgh, NY
12903

Cancellation Policy

A cancellation fee of 30% will apply if attendance is cancelled within 30 calendar days of a scheduled course, 60% if cancelled within 14 calendar days, and 100% in the case of an absence.

Smardt reserves the right to cancel a scheduled course if enrollment is insufficient. Please confirm scheduling with the Service department prior to making your travel arrangements.
